Skill Sheet

CPAP – AEMT (optional) & Paramedic (optional)

Skill	Pass	Needs Improvement (Please comment)
Patient Assessment		
<i>Verbalizes use of BSI and performs initial assessments</i>		
<i>Directs initial application of high flow oxygen</i>		
<i>Obtains or directs basic assessments (v/s, SPo2, ETCO2, and Lung Sounds)</i>		
<i>Verbalizes that the patient may meet requirements for CPAP</i>		
Verbalizes Major Indications and Doses		
<i>CHF (Max 10 cmH2O)</i>		
<i>COPD (Max 5cmH2O)</i>		
<i>Respiratory Failure (Max 5 cmH2O)</i>		
Verbalizes Major Contraindications		
<i>Hypotension</i>		
<i>Apnea or agonal respirations</i>		
<i>Inability to protect airway</i>		
<i>Vomiting</i>		
<i>Inability to maintain mask seal</i>		
Verbalizes cautions and complications		
<i>Pneumothorax</i>		
<i>Aspiration/regurgitation/ gastric distention</i>		
<i>Anxiety</i>		
<i>Hypotension (90 mmHg)</i>		
Assembly		
<i>Assembles device correctly, attaches O2 source</i>		
<i>Applies device to Patient, obtaining good face mask seal</i>		
<i>Adjusts/titrates pressure</i>		
<i>Integrates nebulizer into CPAP device (if applicable)</i>		

Student Name _____
Date _____
Evaluator _____

Integrates other treatments as appropriate		
<i>Verbalizes Reassessment and Continued Management</i>		
<i>Verbalizes Documentation and Report</i>		
<i>Verbalizes preparation/readiness for intubation</i>		
Total Steps Passed		
Minimum steps needed to pass (assuming no critical fails below)	18	

Critical Criteria (Automatic Fail)

- _____ Initial assessment not performed or performed in an inadequate manner
- _____ Failure to verbalize inclusion/exclusion criteria
- _____ Failure to adequately maintain Airway, Breathing, or Circulation at any time throughout the scenario
- _____ Inappropriate treatment(s) performed (dose of CPAP, etc)
- _____ Failure to assemble O2 in a safe manner
- _____ Failure to correctly assemble and apply CPAP
- _____ Failure to complete the assessment in a timely manner
- _____ Failure to recognize complications/need for intubation

Final Score (circle one)	Pass	Fail
